Notes**”

# SUMMARY

The free, optional "Applian Director" program is a Windows "Desktop app" that helps you install and then run the various programs in the "Applian Capture Suite".

We do not recommend the use of it because of various problems in it.

# "APPLIAN DIRECTOR"

Spoiler alert:

Even though it is free, we do not recommend the installation and use of the "Applian Director" but, if you absolutely have to install it, you can download and install it at

<https://applian.com/applian-director/download>

# "APPLIAN DIRECTOR" (continued)

Second spoiler alert:

The "Applian Director" should only be installed if a single desktop icon is needed by a new computer user who has problems finding the various parts of the "Replay Capture Suite" in the "Windows.." Start Menu

# Download Free Applian Director

## System Requirements

- Windows 10, 8, 7, Vista, XP

The Applian Director is included with the [Replay Capture Suite](#) download. If you wish to download just the Director, you can do so here. Please note that this is a silent installer. The Director icon will be placed on your desktop immediately after running the installer.

### System Requirements

- Windows 10, 8, 7, Vista, XP

you can do so here. Please note that this is a silent installer. The Director icon will be placed on your desktop immediately after running the installer.

DOWNLOAD

# "APPLIAN DIRECTOR" (continued)

The "Applian" company does not tell you that, if you want to successfully use the "Applian Director", you cannot use the Applian Web site to directly download any Applian "Replay Capture Suite" program:

# "APPLIAN DIRECTOR" (continued)

The "Applian Director" only works right if you

1. Install it before installing any other "Replay Capture Suite" program
2. Use it to install/purchase any other "Replay Capture Suite" program
3. Do NOT download another "Replay Capture Suite" program from a Web browser after installing "Applian Director"

We do not like the "Applian Director" because:

If you the "Applian Director" and then you do NOT use the "Applian Director" to install the other "Applian Capture Suite" programs, it never detects that you have installed the other "Replay Capture Suite" programs:

More details about this major problem with "Applian Director:

If you install "Applian Director" and then you install the other "Applian Capture Suite" programs by downloading directly from Applian's Web site, "Applian Director" never detects that you have installed the other "Applian.." programs:

In my "Windows 10 Pro" home computer, I installed all of the "Replay Capture Suite" programs except for "Replay Radio".

Then I installed the "Applian Director". Then I used "Applian Director" to install "Replay Radio".

"Applian Director" incorrectly stated that the only "Replay Capture Suite" that is installed is "Replay Radio".
