

DeepBrain AI

By George Harding

Tucson Computer Society

January 19, 2022

Here's an idea that has some merit.

There will be a trend for unmanned stores., but customers may be reluctant to participate. DeepBrain AI has developed a solution called AI Human. This entity can make shopping experiences more natural for consumers, to guide them through the shopping and payment process

AI Human can also be a solution for shops and restaurants.

Capable of real-time conversation
just like a real clerk

AI Clerk
